

*Letter of Recommendation*

September 7, 2009

This letter is to recommend Diane M. Hess of Hess Business Professionals & Associates LLC for the position you have open within your company.

Ms. Hess and I have been working together since June of 2007. Diane has provided me with the knowledge, tools and encouragement to pursue a virtual career of my own. As my business mentor, co-worker, and friend; we've developed a business partnership that does not intrude on each other's dreams for success.

During the past two years, Diane has provided me with the occasional press release, article, and marketing brainstorm idea to help move my business forward. Our business relationship is unique as we are in a sense "direct competitors". Diane always puts my business interests first as a subcontractor.

I believe Diane Hess has a great deal to offer. She is business oriented, enthusiastic about her work and truly passionate where it comes to making your business her number one priority. Her approach in business is to build quality business partnerships that will complement one another where everyone involved receives the same level of expertise, dedication, and results.
